Pumping Station Trial Run To Be Held Jan. 14

Necessary testing of new machinery recently completed at the Station 1 near Belle Glade will be conducted by the U. S. Army Corps of Engineers for approximately three days during the period of 14-20 January.

This announcement was made today in the Jacksonville District Office by George F. Snodgrass, Chief, Design Branch of the Engineering Division.

In making the announcement, Snodgrass said that Hurricane Gate No. 3 will have to be closed during the testing period and the canal drawn down to about elevation 10'. He said it was the Corps' intention to open the gate at 5 p. m. on the night of the tests and allow the canal to fill. Tests will be conducted between 8 a. m. and 5 p. m.

The Chief of the Design Branch emphasized that during the pumping tests there will be no waste of water and the Corps of Engineers will strive to prevent as much inconvenience as possible to inhabitants of adjacent areas.

All merchants and business places in the city are asked to express their opinion on closing the Monday preceding January 1, as some are in favor of doing so and others have not expressed their opinion.

Please call Mrs. Edwina Young at the Chamber of Commerce, WY 6-2745 at once.

Don't Shoot Farmers! They Own The Land Hunting season is now open. Again this year many hunters who have never been in the woods before will take a gun and a dog and start to look for game. The farmer, being an early riser, has frequently been taken for game, stated Asher P. Taylor, Director of the Florida Safety Council.

In 1955 there were 69 persons killed and many injured by fire arms. A hunter's wife blew a turkey call and was shot; a boy fell down while running with his gun and was injured.

A hunter was accidentally shot in the abdomen while

handling a loaded rifle to his buddy. Another man was killed when a hunter fired at a duck across a point of land behind which the unfortunate man was concealed.

"HUNTERS, be especially careful while in the woods, be sure that you know what you are shooting at", urged Frank.

Legion, VFW Hold Joint Xmas Party

The American Legion Post 20 and Auxiliary Unit 20 enjoyed a joint pot luck dinner and Christmas party with the V.F.W. Post and Auxiliary December 18 at the Legion Hall.

The hall was decorated in the Yule theme with streamers centered from the ceiling. Tables were placed around a huge beautifully decorated Christmas tree, Palm, spaths, Silvered, filled with poinsettias decorated the center of the tables. Mrs. Kathryn Swain was in charge. Following the turkey dinner which also included Fruit pies, Harvest pies, vegetables, corn, fruit salad and chopped salad, the gift exchange was held, and a social hour enjoyed.

John White, commander of V.F.W. and Mrs. Harry Ogle, president of V.F.W. Auxiliary expressed their thanks in behalf of the members for the invitation to join in the Christmas party.

The drawing on the child's Case cycle tractor with two wheel rubber-tired cart was held and the lucky winner was Mrs. Edgar Stanberry. This was sponsored by the American Legion Auxiliary, the proceeds to be used for activities of the organization.

Kiddie Corvette
Won By J. C. Carr

A Kiddie Corvette was given away Saturday by the Belle Glade Lions Club at a drawing held at the Glades Chevrolet Co. on Main St. The lucky winner was John C. Carr of 648 N. 17th St., Belle Glade.

The white plastic Corvette, a duplicate in kiddie size of the Chevrolet Corvette, with pedals and two forward speeds, donated by the Glades Chevrolet Co. to the Lions Club has been on display in their show room. The proceeds realized from donations on the Corvette will be used for the Lion's Club for activity fund.

DRAINAGE - STREET
(Continued from page one) in favor of paying for improvements and then having to donate part of her property for road right of way.

The board which realized the problems which would be faced by property owners who had corner lots, such as the land held by the objector.

In an effort to work out some kind of plan for the property owners, Commission Chairman Paul Rardin named, Jr., County Engineer Steve Middleton and County Attorney Harry Johnston to study the legislative act and the Dolan Road petition and to report back to the board Friday, with their recommendation for action.

Two Negroes Die Here This Week

Two deaths were reported in colored town this week by Justice of Peace Joe Cherry.

Annette Green, 51, was found dead at her home at 417 S. W. Ave. C. Wednesday morning. Dr. Norville said she died of a heart attack and had been ill for some time.

She came here from Williston, S. C. and had lived here for several years. She attended the Mount Zion Methodist Church. Survivors include a daughter, Mary Teasdale, of 62 Vanderskow, Okeshobee Camp. Services will be held Sunday either at the Chapel or the church.

Hershel Cross, 48, died at 1215 Tuesday night in his room. He was a native of Dooley County, Georgia and had been living in Belle Glade for a number of years. Funeral arrangements are unknown at this time.

Taylor Funeral Home is in charge of arrangements.

CARD OF THANKS
To my knowledge this would be the only way to thank all of the many friends that were so kind to me and my family during my confinement in the hospital. All of the flowers and cards and many gifts were beautiful. But words could never say what I feel in my heart for each of you. My deepest appreciation I extend again.

Effie Allen.

First Xmas Tree Lights Used By Telephone Man

It was a telephone man who first put electric lights on a Christmas tree. Until he did so, wax candles glowed softly — and dangerously — among the dry, explosive needles.

Ralph E. Morris, inventor of the first electric Christmas lights, reports that he first got the idea back about 1908. His son, Leavitt, had crawled beneath his Christmas tree and used a lighted candle.

The resulting flames fortunately only singed his hair, but Morris, Sr., promptly announced there would be no more open flames near a Christmas tree in his home.

During the following year, Morris, who worked for the telephone company at Cambridge, Massachusetts, purchased several dozen telephone switchboard lamps. He said many evenings were spent in soldering the tiny bulbs to a pair of wires and covering them with bits of colored paper. His tree that Christmas brought gasps of admiration from all who saw it.

Morris, who has long since retired from the telephone company, said he had never given his innovation much thought until his son, Leavitt, now travel editor for the Christian Science Monitor, first wrote, "My dad never realized then, but that lone tree with its improvised

lamps has really never stopped glowing. Its tiny lamps shine on millions of Christmas trees every Christmas."

Palm Beach-First Nat. Declares Dividend

The First National Bank in Palm Beach plans to pay a stock dividend as well as a cash dividend, according to information received from its President, Wiley R. Reynolds, Jr.

The Board of Directors at its regular monthly meeting today declared a cash dividend of 75¢ per share as well as a special dividend of 15¢ per share for the semi-annual period ending December 31, 1956, payable December 28 to holders of record December 18.

The Directors also declared a stock dividend of 20%, subject to approval by the Comptroller of the Currency and its stockholders at their next annual meeting, which will be held Thursday, January 24, 1957. In addition, an increase in authorized capital will be provided through the immediate transfer of \$500,000 Undivided Profits to Surplus. This will result in capital of \$1,200,000 comprised of 120,000 shares of \$10.00 per value and a surplus account of \$2,800,000. It is anticipated that even with the increased number of shares that will be outstanding, there will be no change in the \$1.50 per share dividend paid since 1946.

**TOYS
FOR DAD**

The old joke about Dad "monopolizing" Junior's toys is creating to be a joke, according to some toy producers, who contend that this year there will be toys for adults under some Christmas trees.

Jay V. Zimmerman, president of the largest hand puppet makers in the world, recently told toy buyers and salesmen that "toys made specifically for adults to play with will eventually exceed the present popularity of children's toys."

This may sound a little unbelievable and optimistic for the toy industry, but Mr. Zimmerman says the theory is neither radical or new. "For centuries," he says, "man has been playing with his children's toys under the guise it was for Junior's sake, but that's a lot of toadyism. They enjoy playing with their kid's toys, but they're too ashamed to admit it."

Right or wrong, several major toy companies are producing specific adult toys this year. We'll just have to wait and see how many Dads receive some of them as presents from Santa.

BINGING SANTA . . . It seems that Santa Claus is everywhere this time of year. In this photo he is shown unloading some of the more than 11,000 Christmas trees shipped from Canada to the United States.

**Dig—These Crazy
Christmas Gifts**

Even Christmas has caught up with the atomic age. A sign of the times is the increasing demand for Geiger counters as Christmas gifts. Manufacturers say people from all over the country are giving as presents the miracle instrument that noses out uranium.

If you're buying a gift for a prospective uranium prospector, you can get him one of these radio-activity detector devices at prices ranging from \$24.95 to \$200. Most popular model, manufacturers say, is about the size of a miniature camera and retails for about \$35.

Uranium "hounds" are as varied as the instruments they buy. They range from housewives with infants in their arms to geologists and birdie prospectors—as well as business tycoons, clerks, laborers and society women. An amateur uranium prospectors' club in the East, composed entirely of women, is known as the "Geiger Widows."

Last year gift Geigers were mailed all over the United States. One woman telephoned the New York office of a leading manufacturing firm from Florida to order a \$1,500 unit as a Christmas surprise for her husband.

MONKEYSHINES . . . The Santa Claus who comes to Junior's house on Christmas morn has his counterpart in Monkey land. At least that is the implication here as Jockey, garbed as the monkey's mate, visits "Teddler," a five-month-old Java monkey at Tedd's home in Brooklyn.

SOME PLACE FOR YOU

There is a place for you to fill. Some work for you to do. That no one can or ever will. Do quite as well as you. It may be close along your way. Some little homely duty. That only waits your touch, your way.

To blossom into beauty. Or it may be that daily task. Cheerfully seen and done. Will lead to greater work that asks

For you, and you alone. Be brave, whatever it may be. The little or the great. To meet, and do it perfectly. And you have conquered fate.

PEACE ON EARTH... Music is an important part of Christmas observances everywhere and there is something about the spirit of Christmas that makes young voices sing out loud and clear, with a heart full of joy.

GUESS WHO... Everybody is impersonating Santa or Mrs. Santa these days. Here Hilda Estava gives her impersonation of Mrs. Santa Claus—and while it may not resemble a reasonable facsimile, the gift-laden pack on Hilda's back may give a vague clue.
